### **Trump in April Announced a 10% Base Tariff Rate**

Trump in April announced a 10% base tariff rate and additional amounts for most countries, some ranging as high as 50%. However, all but the 10% base rate were subsequently suspended for 90 days to allow more time for negotiations to secure deals. That period ends on July 9, although Trump early on Friday said the tariffs could be even higher ranging up to 70% - with most set to go into effect August 1. "I signed some letters and they'll go out on Monday, probably twelve," Trump said, when asked about his plans on the tariff front. (Reuters)
